USB 3.0 Internal Hub 4 Port

Description

This Delock Hub can be installed internally into the 3.5 or 5.25 bay of your PC. The Hub expands your computer by four USB 3.0 ports. You can connect different USB 3.0 or USB 2.0 devices like adapter, MP3 player, card reader, external enclosure etc. Since the Hub will be connected to your internal PC power supply, external devices do not require any power supply. Those devices will be powered by the USB interface.

Ref.	61833
EAN	4043619618330
Country of origin	China
